

Salt Lake City School District

Board Policy I - 18

Title: Student Internet Acceptable Use Policy (AUP)

Index: I = Instructional Policies

Reference: [Utah Code §53A-3-422](#)
[Administrative Procedures for Board Policy I - 18](#)

It is the policy of the Salt Lake City School District Board of Education to permit students to have Internet access. Salt Lake City School District has taken available precautions to restrict access to inappropriate materials. However, on a global network it is impossible to control all materials and an industrious user may discover inappropriate information. In general, the user's responsibilities require decent, ethical, polite, efficient, and legal use of the network resources. Teachers will instruct and supervise the student on acceptable use of the Internet resources and proper network etiquette. An Acceptable Use Contract must be signed by the student and his/her parent or guardian, annually.

The purpose of this policy is to ensure all students and parents understand the guidelines that must be followed to gain Internet access.
