Salt Lake City School Board Hires New Business Administrator

(Salt Lake City) – The Board of Education today announced it has hired Janet Roberts as the new Business Administrator for Salt Lake City School District. Roberts has served as the Acting Business Administrator since March 2006.

“These are crucial times for the district and our students,” said Superintendent McKell Withers. “Janet’s expertise and familiarity with the district and our budget will help us continue to improve services to students by providing a seamless transition in the Business Office.”

Roberts has worked in the district’s Business Office since 1993. Prior to serving as Acting Business Administrator, Roberts worked as the Director of Financial Services, where she was responsible for preparing and maintaining the district’s budget and supervising purchasing operations. Prior to working for the district, Roberts worked in the private sector. She earned her degree from the University of Utah.

During Roberts’ tenure, Salt Lake City School District’s budget earned numerous awards from the Association of School Business Officials and the Government Financial Officers Association.
