THE POLICY

The Salt Lake City School District Board of Education recognizes the importance of providing orderly procedures when disciplining its employees. District supervisors and administrators have the authority to make appropriate disciplinary decisions with regard to employees, except when that authority is limited by a formal written employee agreement. When warranted, employees may be disciplined by suspension, demotion, termination, or any other action deemed appropriate under the circumstances. All disciplinary action will be implemented in a reasonable, fair, and consistent manner in accordance with all applicable laws, rules and policies.

The purpose of this policy is to inform employees of the district's authority to discipline, and their due process rights related to such disciplinary actions. This policy does not in any way alter at-will employment relationships.

The district will set forth its specific processes for implementing this board policy through the accompanying [administrative procedures](#).

No district employee or student shall be subjected to discrimination in employment or any district program or activity on the basis of age, color, disability, gender, gender identity, genetic information, national origin, pregnancy, race, religion, sex, sexual orientation, or veteran status. The district is committed to providing equal access and equal opportunity in its programs, services and employment including its policies, complaint processes, program accessibility, district facility use, accommodations and other Equal Employment Opportunity matters. The district also provides equal access to district facilities for all youth groups listed in Title 36 of the United States Code, including scouting groups.
